Correction to “Bayesian analysis for uncertainty estimation of a canopy transpiration model” by S. Samanta et al.

Received 29 August 2007; published 5 October 2007.

[1] In the paper “Bayesian analysis for uncertainty estimation of a canopy transpiration model” (Journal of Geophysical Research, 43, W04424, doi:10.1029/2006WR005028), equation (3) contained an error. The correct equation (3) appears below:

\[ L_c = \begin{cases} 
\frac{1 - e^{-K_b L}}{K_b}, & \text{for sunlit class} \\
\frac{1 - e^{-K_b L}}{K_b}, & \text{for shaded class} 
\end{cases} \]  

(3)
